At no time should students be taking pictures or video recording other students with their cell phones during the school day. The use of cell phones in restrooms or locker rooms is **prohibited**. Student use or possession of electronic paging or two-way communication devices (e.g. walkie talkies, beepers, etc.) on school premises is also **prohibited**.

Computer Use

As the Princeton School District continues to expand upon the educational opportunities provided by computer technology, it is imperative that we have disciplinary guidelines in place to encourage our students' proper use of these systems. The computer network of the Princeton School District is a valuable tool in the learning process. Student use of this tool is a privilege, not a right. As a result, the school district is authorized to limit student

access to the network and devices due to the use of profanity, vulgar language, threatening behaviors or other inappropriate use or abuse.

Students who physically damage or alter the hardware, software, or network in any way are in violation of these guidelines and may be subject to disciplinary action at the discretion of the administration. Please see the Computer/Technology Handbook for further clarification.

Video Surveillance and Electronic Monitoring

The Board of Education authorizes that school district grounds and buses are electronically monitored with video and/or audio surveillance. Whenever the terms video surveillance or electronic monitoring are used, such reference includes both video and audio surveillance as possible technologies employed by the district.

Dance Policy

1. Requests must be made by the sponsoring organization through the Principal or designee at least two weeks in advance.
 2. Dances are generally considered closed and for the exclusive attendance of Princeton School District students and their guests only.
 3. Details for the smooth handling of the dance will be the responsibility of the sponsoring organization.
 4. People leaving the building during the dance are not allowed to re-enter the dance.
 5. Persons displaying inappropriate behavior will be asked to leave and are subject to disciplinary action.
 6. Middle school students may not attend high school dances.
 7. A building usage form from the office must be filled out and turned in.
- The Princeton School District and the Princeton Police Department have agreed to control any activities that are not within the spirit of the school sponsored activities. All school rules and municipal codes will be enforced.

Dress Code

No student shall be permitted to wear clothing that is too revealing. This would include, but not limited to, exposed midriffs, strapless tops, short skirts or shorts, swimwear, sleepwear, and exposed undergarments. No undergarments should be seen through clothing. Shirts with sleeves are recommended. No cut off shirts that expose the torso. Tops and bottoms must overlap at all times, including when arms are raised. Pants and shorts need to fit snugly at the waist. Sagging clothing is not acceptable. Students should be able to do typical school activities without exposing their body or undergarments.

No clothing with inappropriate writing/referrals allowed (i.e. gang- related clothing- including colors, alcohol, drugs, sexual references, harassment/hate messages).

No jackets/outerwear or purses/backpacks allowed in the classroom. Jackets or coats (outerwear) may not be worn indoors during the school day.

Hats, caps, headwear, or hooded apparel covering the head, cannot be worn inside the building except for school sponsored activities.

Shoes - tennis shoes or sturdy, form-fitting shoes are recommended for the school day. No shoes with wheels (can be worn if wheels are removed.) Students should be wearing shoes that safely allow the student to move easily throughout the building. Slippers are not school appropriate.

Students in violation of the dress code will be asked to change their clothing, have their parent/guardian contacted, and sent home if they do not comply.

Administration makes the final decision/determination regarding appropriateness of a student's dress.

Public Displays of Affection

It is not acceptable behavior to publicly display affection (PDA). PDA includes any physical contact that may make others in close proximity uncomfortable or serves as a distraction for themselves as well as innocent onlookers. Touching should be limited to hand holding only. After first warning, students may be sent to an administrator for appropriate action to be taken.

Facility Use - Weight Room

Students may only use the weight room under the direct supervision of a staff member or other school district assigned personnel at all times. Students must have a weight room use form turned in before using the facilities. Adult members of the community may use our weight facilities during designated open hours. Under no circumstances will any student or adult be allowed to lift weights without another individual present.

Field Trips

Field trips, including student reward trips, are planned in order to enrich the school curriculum and provide opportunities for students to have other learning experiences outside of the classroom setting. Therefore, field trips are designed for students in particular grade levels and only students attending PSD full time in those grade levels are eligible. Parents/Guardians will be notified well in advance of field trips. In order for students to

participate in field trips, they must have turned in permission forms and any money that may be required for a trip. All field/reward trips are considered a privilege for students and not an automatic right. Those students complying with the expectations of the school will be able to participate in trips; however, students who pose disruptions or have caused problems on trips or in school in the past, may be denied from attending a field trip. Students who are not behaving during the trip will require a parent phone call and will need to be picked up. Students who are not eligible to participate in a field trip are still expected to attend school as it is considered a regular school day.

Parents/Guardians are eligible to be chaperones. Chaperones are required to fill out a School Volunteer/Chaperone Program Application and submit it to administration for approval before accompanying the field trip. Teachers determine the number of chaperones needed.

Fidgets

Fidgets are intended to support students with sensory needs. Fidgets allow students to self-regulate their sensory needs in an appropriate, less distracting fashion. (Example: Using a fidget would be better than walking around the classroom, making noises, etc.) Not all students have sensory needs. Not all students need fidgets. Fidgets are intended to increase focus on learning and not be a distraction. Students with sensory needs will be allowed to use fidgets appropriately in regular education classes as determined by a student's Individualized Education Program or consultation between teacher and parent/guardian. Fidgets used inappropriately will be confiscated.

Food Guidelines/Regulations

Snacks - students should bring snacks in single portion servings to maximize learning and ensure portion control. Food and beverages brought in the school must follow the district's health and wellness policy. No energy drinks at any time and soda pop is strongly discouraged. Please check the district's website for guidelines.

No glass containers are permitted into the school for reasons of safety. Teachers may permit plastic water containers in the classroom if the student requests permission. Teachers and administration may request students to show inside the container to ensure nutritional guidelines are being followed.

Fundraising

All money earned by any class goes into the class fund. There will be no money credited to an individual. Any fundraising drives, etc., are to be credited to the organization.

All class fundraising drives must have prior approval from the principal or his designee. To avoid conflicts between various organizations, it is critical

that all fundraising activities be documented on the official school calendar in the office.

Class Funds

All class funds shall be deposited in the school office immediately following the activity from which the funds were gathered. All money received shall be receipted and all expenses paid by check from the district office. Only advisors may submit account invoices to the office for reimbursement. All money shall be audited annually. The school will not accept responsibility for items charged by a class unless a receipt is returned to the office.

Homework Requests

Parent/Guardian requesting homework for their absent students should make the request to office staff before noon. Homework will be available for pick up at the office after 3:14 p.m. (end of the school day) until 4:00 p.m.

Parent/Guardian may gather textbooks or other materials from the student's locker after classes have been released at 3:14 p.m. If you need assistance entering your student's locker, please contact the office staff.

Lockers/Desks

- A. Lockers/desks are provided for the convenience of the students and are to be used solely for the storage of outer garments, footwear, and school-related materials. Students may not use lockers/desks for any other purpose. Lockers/desks may not be switched without prior office permission. The school reserves the right to re-assign lockers/desks.
- B. An assigned locker/desk is not the student's private property or under his/her exclusive possession and it may be opened and inspected by school authorities at any time. Any unauthorized item found in the locker may be removed, confiscated, and turned over to the proper authorities.
- C. Student lockers/desks are to be kept clean, and only the assigned student should be using the locker/desk.
- D. Each student is issued a school owned lock at the beginning of the school year and is strongly encouraged to use it to reduce the chance of theft.

Personal Searches

A student's person and/or personal effects (e.g., purse, bookbag, clothing, etc.) may be searched whenever a school authority has reason to believe that the student is in possession of illegal or unauthorized materials or if a school rule or law has been broken. Such searches are to be made in the presence of an adult witness, when feasible.

Lost and Found

The Lost and Found is full of forgotten or misplaced personal items throughout the year. Please try to label all clothing and materials with your

child's name and check the lost and found regularly. Unclaimed items are donated to local charity organizations at the end of each quarter, and we are not always able to check items for names prior to donation.

Open Campus Leaving Permits

Students desiring to drive off campus with their vehicle during lunch period on a regular basis may do so provided they register for an Open Campus Leaving Permit. Additional rules are specified on the permit request form. Remember, you represent Princeton School when out and about in our community, so good behavior is paramount.

Open/Closed Campus Privileges

Students are encouraged to eat their lunches in either the cafeteria or outside of the building. When students finish eating they are required to clean up their area and return garbage or utensils to their proper location. Students will go to the designated area for the remainder of the period, or wait outside for the bell.

Students may not be in the high school, middle school or elementary hallways or loitering in their vehicles during the lunch periods.

Special meetings or activities may necessitate the need for students to meet during the lunch period. Student leaders/advisors shall be present for any noon hour meetings. It should be communicated with the administration when holding meetings during the noon hour.

Visitors at School

- A. For the safety and security of staff and students, visitors will be limited to staff and students from 7:30A-3:30P with exceptions of scheduled parent/guardian meetings.
- B. Upon entering the building, visitors must immediately report to the office for permission to remain in the building. Visitors are required to wear a visitor badge at all times when in the building. Persons in a school building without permission are subject to legal action – Wisconsin Statute 946.80, Misconduct on Public Grounds.
- C. Students are not allowed to have visitors while attending class at school. Any other visitors must be approved by the administration.
- D. Adult volunteers are encouraged to work cooperatively with the school. Please contact your child's teacher or the main office for more information.

Work Permits

Wisconsin Statutes require that school age children must have a work permit if they are going to be gainfully employed. Permits can be obtained in Green Lake at the Human Services Department.

ATTENDANCE POLICY

The school requires all students to attend school regularly in accordance with the laws of Wisconsin. The school's educational program is predicated upon the presence of the student and requires continuity of instruction in the classroom and their participation in a well-planned instructional activity under the guidance of a competent teacher.

Purpose of the Attendance Policy

- A. Ensure that an effective educational program can be carried out.
- B. Inform students and parent/guardian(s) that classroom activities cannot be duplicated and students may not receive and should not expect equal instruction for make-up work.

Reporting a Student Absence

- A. A parent/guardian should call the office by 8:00 a.m. to explain the student's absence. The administration will determine whether the absence is excusable based on state statute.
- B. Parents/Guardians who do not call the school to excuse their child will be contacted by the Princeton School District's Skylert communication system.
- C. If parent/guardian is unable to call prior to the absence, communication must be made with the attendance office or the student's absence will remain unexcused.
- D. Parents/Guardians are reminded that they are allowed to excuse their child up to **ten** times during the school year (**five days during a semester**). After that the absences will become unexcused and truancy may be filed. Please refer to the section labeled **HABITUAL TRUANCY PROCEDURES** for further details.

Excused Absences

- A. Personal illness/injury or family emergency
- B. Death in the immediate family
- C. Attendance at funeral of someone outside of immediate family, if parents deem it necessary
- D. Medical and dental appointments
- E. Religious holidays
- F. College and Career Days
- G. Emergencies and extenuating circumstances as approved by Administration
- H. School related activities including field trips, testing, and sporting events
- I. A court appearance or other legal proceedings
- J. School ordered suspensions

After a student has missed part or all of 5 days during a semester the school can request that any future absences be excused only with a written excuse from a medical doctor. Students will need to provide the written documentation, which must include a return date to classes, not to exceed 15 days. If further absence is needed after 15 days, another medical excuse will be required.

Unexcused Absences

An unexcused absence is absence from school for reasons other than those listed above as determined by administration. An unexcused absence can be all day or for any single portion of the day.

Habitual Truancy Procedures

Wisconsin Statute 118.15 and 118.16 defines “Habitual Truant” as a pupil who is absent from school without an acceptable excuse for part or all of five or more days (40 class periods) in which school is held during a school semester, for a total of ten (10) days per school year.

When a student is declared a habitual truant by the school’s administration, in accordance with the State Statutes, the school will send a letter to the parent/guardian, notifying them of this fact, and request a conference with the parent/guardian of the student. If the student continues to be truant from school or assigned school activities on two more occasions after being declared habitually truant; a referral may be made to Green Lake County Social Services or citation issued by local law enforcement agency.

Tardies

Students must sign in at the office when arriving late in the morning and after lunch. Students who are late six (6) minutes or more may be treated as an absence. The third tardy to class will result in an after school detention. Each additional tardy can result in disciplinary action and may be included towards a truancy referral to law enforcement.

Each teacher will have an established classroom tardy procedure, where students are to be in their classroom and/or in their seats when the bell rings.

Prearranged Absences

Students who know in advance that they will be absent for more than one day for funerals, medical appointments, vacations, etc. are expected to bring a note to the office from a parent/guardian stating dates and reasons for the absence at least 24 hours before the planned absence. After receiving administrative approval, a pre-planned absence form will be given to the student to circulate amongst all their teachers and obtain assignments to be completed. The time for completing the work shall be at least two (2) school

days and commensurate with the length of the absence, unless extended by the principal based upon extenuating circumstances. The pre-planned form must be returned to the office before the absence begins.

Adult Student Absences

Adult students (18 years of age or older) will follow the same attendance policies as all other students. Parent/Guardian must call the school for them each day they are absent. Adult students may call for themselves only after they have established their own residency within the district. Students having this privilege must call the Office before 8:00 a.m. on the day of the absence. At the discretion of the Administration, students 18 years of age who are not attending regularly may be asked to enter into an attendance contract with Princeton School District.

ACADEMICS

Grades

Using our Skyward Family Access system, parents/guardians have 24 hour access to their child's grades, attendance, and lunch accounts. Parents/Guardians and students each receive a username and password at the beginning of the year that allows them access to the system

Grades: Princeton Public School utilizes the A-B-C-D-F grading system beginning in 6th grade.

Incompletes - An incomplete may be given to a student who **because of extenuating circumstances** did not get his/her requirements completed. An incomplete is not intended to be given to a student who is behind because of procrastination. Extenuating circumstances will include:

Students who are absent from school, whether the absence was excused or unexcused, shall be permitted to make-up coursework and examinations missed during the absence when they return to school. It is the student's responsibility to contact his/her teachers to determine what coursework and examinations must be made-up. Teachers shall have the discretion to assign substitute coursework and examinations. Teachers shall also have the discretion to specify where and when examinations and course work shall be completed, including outside regular school hours. The time for completing the work shall be at least two (2) school days and commensurate with the length of the absence, unless extended by the principal based upon extenuating circumstances. All graduating seniors with a cumulative GPA of 3.00 or above, will receive recognition at graduation. Final cumulative GPA will not be rounded.

Each year Princeton School District will honor those students (grades 11-12) who have earned at least a 3.670 non-weighted, non-rounded GPA in two consecutive school years. These students and their parent/guardian(s) will be honored at a special event and will receive a white chenille letter. Students who achieve this level for 2 years will receive a bar.

Academic Excellence Scholarship

The State of Wisconsin awards this scholarship to the valedictorian of the graduating class. In the event that two or more students tie for the award, the school board has the following tie breaking policy.

1. The scholarship is awarded to a student attending a school in Wisconsin.
2. The student who receives the highest grade point average in the core courses (English, Math, Science, and Social Studies) would receive the scholarship.
3. The student who has the highest composite ACT score would receive the scholarship.
4. The winner would be determined by the flip of a coin.

Students will be expected to follow teachers' directions and obey all school rules. Disciplinary procedures will comply with the requirements of State and Federal law.

Parents/Guardians have the right to know how their child is succeeding in school and will be provided information on a regular basis and as needed, when concerns arise. All parents/guardians will have access to academic, behavioral and attendance information about their child via Skyward (Please contact the school office to obtain login information). Plagiarism Policy

Plagiarism means to use or closely imitate the language and thoughts of another author without authorization of that author's work as one's own, as by not crediting the original author.

First Offense - the student will be given a warning regarding the plagiarism and he/she will have to redo the assignment without any plagiarism to receive credit. The teacher should contact the parent/guardian regarding the incident. A behavior referral should also be filled out on Skyward to document the incident.

Second Offense - if a second offense occurs in any class, the student will receive a zero on the work plagiarized. The teacher should contact the parent/guardian regarding the incident and a behavior referral will be filled out on Skyward to document the incident.

Third Offense - Regardless of whether the offense happens in the same class as the first or in any other class, the student will receive a zero on the work plagiarized and in addition will have his or her cumulative score lowered by one letter grade for the quarter in which the offense occurs. This may result in a failure for the semester, if the student's average was a "D" before the grade was lowered. The teacher should contact the parents/guardians to set up a meeting to discuss the incident. A behavior referral will be filled out on Skyward to document the incident

Fourth Offense - regardless of whether the previous offenses happened in the same class or in any other class, the student will receive an "F" for the semester and dropped from the class in which he or she commits the fourth incident of plagiarism. For any additional offenses, the student will receive an "F" for the semester and dropped from the class in which he or she commits the incident of plagiarism.

Cheating Policy

Cheating offenses are divided into two classes; a major violation and a minor violation. A major cheating violation includes, but is not limited to tests, quizzes, exams, final exams, lab reports, book reports, and major classroom assessments. Major violations follow the consequences listed below, while minor violations are left to the individual teacher's discretion for consequences. In the case of a minor violation a decision can be made to follow the major violation consequences.

First Offense - if an offense occurs in any class, the student will receive a zero on the work and a record of his/her offense will be filled out on Skyward. The teacher should contact the parent/guardian regarding the incident.

Second Offense - Regardless of whether the offense happens in the same class as the first or in any other class, the student will receive a zero on the work and in addition will have his or her cumulative score lowered by one letter grade for the quarter in which the offense occurs. This may result in a failure for the semester, if the student's average was a "D" before the grade was lowered. The teacher should contact the parent/guardian and set up a

meeting to discuss the incident. A behavior referral will also be filled out on Skyward to document the incident.

Third Offense - Regardless of whether the previous offenses happened in the same class or in any other class, the student will receive an “F” for the semester and dropped from the class in which he or she commits the third incident of cheating. For any additional offenses, the student will receive an “F” for the semester and dropped from the class in which he or she commits the incident of cheating.

Student Harassment/Title IX

The district is committed to providing an educational environment that is free of intimidation and harassment. It is the policy of the district that neither students nor employees will be allowed to engage in any form of harassment or intimidation toward other students or school employees. Additionally, appropriate action will be taken to stop and otherwise deal with any third party who engages in harassment against our students. It is the responsibility of all district staff and students to ensure that these prohibited activities do not occur.

Harassment in any form will not be tolerated and the district will take all necessary and appropriate actions to see that it is eliminated.

Sexual Harassment/Title IX Reporting

The Title IX Coordinator shall report directly to the District Administrator. Questions about this policy (2266) should be directed to the Title IX Coordinator.

The District Administrator shall notify applicants for admission and employment, students, parents or legal guardians of elementary and

secondary school students, Board employees, and all unions or professional organizations holding collective bargaining or professional agreements with the Board of the following information:

The Board of the Princeton School District does not discriminate on the basis of sex in its education program or activity and is required by Title IX and its implementing regulations not to discriminate in such a manner. The requirement not to discriminate in its education program or activity extends to admission and employment. The District's Title IX Coordinator(s) is/are:

Any inquiries about the application of Title IX and its implementing regulations to the District may be referred to the Title IX Coordinator(s), the Assistant Secretary for the U.S. Department of Education's Office for Civil Rights, or both.

The Board has adopted a grievance process and procedures that provide for the prompt and equitable resolution of student and employee complaints alleging any action that is prohibited by Title IX and/or its implementing regulations. The grievance process and procedures are included in Policy 2266 – Nondiscrimination on the Basis of Sex in Education Programs or Activities, which is available at: www.princeton.k12.wi.us. The grievance process and procedures specifically address how to report or file a complaint of sex

discrimination, how to report or file a formal complaint of Sexual Harassment, and how the District will respond.

Student Harassment - Reporting Procedure

Princeton School District encourages students to immediately report all perceived incidents of harassment and/or retaliation to the Administration, or a teacher regardless of the alleged offender’s identity or position. In addition, the district encourages students who believe they are being subjected to such conduct to promptly advise the offender that his or her behavior is unwelcome and request that it stop immediately.

Any parent/guardian of a student who believes the student has been the victim of harassment prohibited under this policy is encouraged to immediately report the alleged harassment to Administration.

Student Harassment - District Action

Princeton School District will take appropriate corrective action, including disciplinary action, against any individual who engages in harassment, who impedes investigation of a harassment complaint, or who retaliates against any individual for reporting harassment or for assisting or participating in investigation of a harassment complaint.

Students who violate this policy will be subject to disciplinary actions.

Students who violate this policy may be referred to law enforcement agencies should there be an alleged violation of criminal law.

If the evidence suggests that the harassment at issue violates a criminal statute or requires mandatory reporting under the Children’s Code (Sec.48.981, Wis. Stat.), the District Administrator or his designee will report the harassment to the appropriate child protection agency and/or law enforcement agency charged with responsibility for handling such investigations and crimes.

Nothing in the policy restricts the right of an individual to file a complaint with police authorities regarding sexual harassment. In fact, the Administration may request that a complaint be filed with such authorities as the result of the investigation of the complaint.

Anti-Bullying

The Princeton School District strives to provide a safe, secure and respectful learning environment for all students in school buildings, on school grounds,

school buses and at school-sponsored activities. Bullying has a harmful social, physical, psychological and academic impact on victims, bystanders and the bullies themselves. The district consistently and vigorously addresses bullying so that there is no disruption to the learning environment and learning process.

A. Definition

Bullying is deliberate or intentional behavior using words or actions, intended to cause fear, intimidation or harm. Bullying may be repeated behavior and involves an imbalance of power.

Bullying behavior can be:

1. Physical (e.g. assault, hitting or punching, kicking, theft, threatening behavior)
2. Verbal (e.g. threatening or intimidating language, teasing or name-calling, racist remarks)
3. Indirect (e.g. spreading cruel rumors, intimidation through gestures, social exclusion and sending insulting messages or pictures by mobile phone or using the internet - also known as cyber bullying)

B. Prohibition

Bullying behavior is prohibited in the building, on school property and in educational environments, including any property or vehicle owned, leased or used by the school district.

C. Procedure for Reporting/Retaliation

Any student who is either a victim of the bullying or is aware of the bullying or any other concerned individual is encouraged to report the conduct to any district employee.

Reports of bullying may be made verbally or in writing and may be made confidentially. All such reports, whether verbal or in writing, will be taken seriously and a clear account of the incident is to be documented. A report, including all pertinent details, will be entered into Skyward. There shall be no retaliation against individuals making such reports.

D. Sanctions and Supports

If it is determined that students participated in bullying behavior or retaliated against anyone due to the reporting of bullying behavior, District Administration and/or the School Board may take disciplinary action, including: detention, suspension, expulsion and/or referral to law enforcement officials for possible legal action as appropriate.

TRANSPORTATION

Bikes

Bicycles may be ridden to school if a student rides in a safe manner. Bicycles must be parked on the bicycle racks during school hours. The school is not responsible for theft or damage.

School Bus Rules (Bus Transportation Rules)

- A. All extracurricular participants must ride to and from away contests in transportation provided by the school districts. A Transportation Student Liability Waiver form must be completed and kept on file in the school district office. This waiver allows for parents to pick up their child after extracurricular activities. Although the practice is discouraged, parent/guardian(s) may request in writing to the district office that they transport their own child home from an away contest. This should only be requested in situations with extenuating circumstances. A reason must be given. This must be done prior to departure for the contest. It is the expectation of the school board that once arrangements have been made with the athletic director, that the student does indeed have transportation with a parent. For liability reasons, this transportation **MUST** be provided by parents or a family member. You must check out with the coach before leaving.

The Princeton Board of Education and the Green Lake Board of Education, together, have adapted the above transportation regulations for both practices and games. This procedure is currently in place for all Middle School/High School student-athletes.

- B. Parents are informed that school bus transportation is a privilege and not a right. The bus driver is the sole authority on the bus while students are being transported.

Because the behavior of school bus passengers can directly affect their safety and the safety of others, the following regulations apply at all times when students are riding a school bus, including field trips and other special trips. School personnel, parents/guardians, and students must follow these regulations. Your cooperation in communicating these very important rules to your son or daughter so they understand our expectations of behavior and the need for safety is expected. Students are expected to follow all rules/directions of the bus driver.

Safe, Respectful, Responsible Behavior Expectations

1. Parents/guardians are encouraged to review their child's walking route to the bus stop, advising about safety concerns.
2. The bus driver is responsible for controlling the school bus riders. If there is serious and/or continual misconduct, disciplinary action may be taken by the Contractors Operation Manager and/or School District officials.
3. The driver will handle the serious and/or continual acts of misbehavior by reporting them promptly to the Contractors Operations Manager.
4. The Contractors Operation Manager will investigate the report of a serious offense. The Principal and/or Operations Manager shall determine whether misconduct has occurred that requires further disciplinary action.
5. When further disciplinary action is to be taken, the following steps will occur:
 - a. **First Offense:** The Operations Manager and/or School Principal will inform the parent/guardian about the student's conduct. The student will be given a warning.
 - b. **Second Offense:** The Operations Manager and/or School Principal will inform the parent/guardian about the student's conduct. The student may be denied bus riding privileges for 1-3 days, beginning the next school day.
 - c. **Third Offense:** The Operations Manager and/or School Principal will inform the parent/guardian about the student's conduct. The student may be denied bus riding privileges for 1-10 days, beginning the next school day.
 - d. **Any Subsequent Offense:** The Operations Manager and/or School Principal will inform the parent/guardian about the student's conduct. The student will be suspended from ALL bus riding privileges for the remainder of the school year.
 - e. **Serious Threats:** If a student's action is a serious threat to the safety of the school bus or other students or motorists, the driver will take immediate action to stop the student's activity. Examples of serious threats include: fighting on the school bus, hitting the driver or other riders, opening a knife or throwing an object in or out of the school bus. In all cases. The driver shall notify the Operations Manager immediately and the police may be called. The student may be suspended beginning the next school day without the warning given for the first offense. The parent/guardian will be notified and may request to meet with the Principal and/or Operations Manager to resolve the situation. The School District Administration and School Resource Officer will be

notified.

6. Students whose school bus riding privileges have been suspended are required to be in school and parents/guardians must assume responsibility for getting their student to and from school.
7. Parents/guardians and students are to be aware that in any of the above actions, they have the right to appeal to the next administrative level.
8. Students will be assigned to certain seats as a means to control inappropriate behavior.
9. Videotaping equipment may be used on the school bus and disciplinary action may be taken with students based on the video documentation. The student and their parent/guardian may view the segment of the tape related to the incident. In accordance with 8600.C and AG 8330.

NOTE: The board of education authorizes that school district grounds and buses are electronically monitored with video and/or audio surveillance. Whenever the terms video surveillance or electronic monitoring are used, such reference includes both video and audio surveillance as possible technologies employed by the district.

Building Access Procedures

Our goal is to keep all students safe. In order to do that, we ask for your support of the following guidelines:

1. 4K Students will enter/exit through door #10
2. Elementary School students (K - 5th grade) will enter/exit through door #23
3. MS and HS (6th - 12th grade) will enter/exit through door #1
4. All students riding the bus will enter/exit through door #20
5. ALL students arriving after 8:00A will need to enter through door #1 and check in with the office.

Drop Off/Pick Up Procedures

1. The drive-through area painted yellow at the main entrance of the school is used for drop off and pick up only while the driver remains in the vehicle.
2. The yellow painted area needs to remain clear at all times. This is to help keep the handicap accessible ramp clear.
3. The first set of rows of parking spaces closest to the building are designated for parents/guardians picking up their child.
4. Parents are welcome to wait for their child outside door #2 or in their vehicle.
